

JINDAL
D.P. JINDAL GROUP

Widening horizon...

The first state-of-art offshore drilling Rig 'DISCOVERY-I' dedicated to India's quest for energy self sufficiency.

**Discovery Drilling Pte Ltd., Singapore
The JV Partner of
Jindal Drilling & Industries Ltd.
has taken delivery of offshore Jack-Up Rig 'DISCOVERY-I'
on 12th September, 2008
from world renowned shipyard-
Keppel FELS, Singapore.**

**"Joined chartered Rig fleet of
Oil & Natural Gas Corporation Ltd.
on 15th October, 2008,
2 weeks ahead of schedule."**

- **Jindal Drilling & Industries Ltd. (JDIL)**, part of the US\$ 1.5 billion DP Jindal Group, is a major player in the Indian Oil & Gas drilling industry since 1988. JDIL is currently operating 3 Nos. offshore Jack-up Rigs and 4th Rig shall join the fleet during December 2008 all on long term charter.
- This RIG '**DISCOVERY-I**', built by Keppel FELS, Singapore, is capable of drilling upto 30,000 ft, can work in upto 350 ft water depth extendable to 400 ft. The RIG is built with a larger cantilever envelope, greater deck space with ergonomically designed accommodation for 112 persons.
- Drilling equipment is powered by AC/VFD. Highest safety and environment features have been incorporated in compliance with ABS, Solas and IMO rules making the RIG a safe place to work.
- We extend our gratitude to **Keppel FELS**, Singapore, for ahead of schedule Completion of this prestigious project.
